

# Planning Services Best Value Improvement Plan

## Task 18: medium and long-term targets

This document sets out targets that the Council has set itself to build upon improvements already made in the Planning Service. The targets are set against Best Value Performance Indicators (BVPI's), which are nationally determined.

BVPI	Description	2002/2003		2003/2004	2004/2005	2005/2006	2007/2008
		Target	Outturn	Target	Target	Target	Target
106	Percentage of new homes built on previously developed land	80%	93.6%	85%	85%	80%	80%
107	Planning cost per head of population	To be reviewed: See Note below.					
109	Percentage of planning applications determined in line with the Government's new development control targets to determine:						
	a) 60% of major applications in 13 weeks;	30% (local) 60% (govt)	42.47%	50%	60%	60%	60%
	b) 65% of minor applications in 8 weeks; and	50% (local) 65% (govt)	44.81%	55%	65%	65%	65%
	c) 80% of other applications in 8 weeks.	70% (local) 80% (govt)	71.44%	70%	80%	80%	80%
188	The number of decisions delegated to officers as a percentage of all decisions	90%	89.14%	90%	90%	90%	90%

### Notes:

- The projected reduction in BVPI 106 for 2005/2006 and 2006/2007 reflects anticipated implementation of major urban extensions to Horley.
- BVPI 107 (Planning cost per head of population) is under review. Targets will be published at a later date.
