

# HORLEY LEISURE CENTRE

## HMP PROJECT FOCUS

### Background

- The HMP seeks to improve the recreational and leisure facilities in the town for local people
- A key part of this was to provide a new leisure centre to replace the old Horley Anderson
- In 2011, the Borough Council opened the new £9m Horley leisure centre, which includes:
  - **A 25 metre swimming pool** with six lanes
  - **A teaching pool** for youngsters and beginners
  - **A fitness gym** with exercise stations and free weights
  - **A multi-use purpose hall** for sports such as badminton and table tennis
  - **A dance and exercise studio** for group exercise

### Key benefits

- **Provision of high quality modern facilities** for leisure centre users
- **Facilities are fully accessible for disabled people** with specialist equipment such as a ramp, a hoist, braille signage and induction loop
- **The centre uses sustainable building technology** such as biomass, photovoltaic panels and natural light/ventilation, to cut running costs and reduce carbon
- **The centre has been highly popular** – with a 143% increase in the number of average monthly users between 2011 and 2013
